We've Got You Covered!®

Blackbourn

We are your complete source for packaging. From concept to completion. From prototype to production. It's our corporate mission to provide our customers with exceptional packaging products, on-time delivery and the industry's best customer service.

We've made a company-wide commitment to ensure our customers receive the new product solutions and custom-design options they need to meet the demands of an ever-changing marketplace. We're dedicated to providing you the results you want that give you the competitive advantage.

Packaging

Our expertise, equipment and staffing enables us to offer the latest in packaging and packaging services. Whether you need stock packaging — with convenient same-day shipping — or special, custom-designed packaging, our experienced sales staff is committed to providing you with the best packaging solutions.

- Clamshells ■ Blisters ■ Contract Packaging
- Component & Process Trays ■ Blister Cards
- Custom Thermoforming ■ RF Heat Sealing
- Fulfillment and Shrink Wrapping

***We work with only the highest quality packaging materials.
Some of which include:***

HIPS (High Impact Polystyrene)
